ENGLISH HIGH-SCHOOL

257—PERU—257.

NOTICE.

Parents and Guardians intending to enroll children at this School, are requested to do so as soon as possible, as no more names can be received for this Session, and the school will not be opened until the first of September. The following are the names of the scholars who have been enrolled for the first session of the year 1885-86, and for whom the school has been reserved.

Teaching-Staff.

The Staff, which is now completed, consists of the following: as will be seen by the qualifications appended, it is perhaps the best working-staff to be found in any private school, and is well adapted to the instruction of the scholars.

Dr. D. T. R. Davison M.D.

Late Resident Physician to the Edinburgh Royal Infirmary

The force of imagination is truly wonderful. The "healing by faith" is the latest morbid sensation in England of this morbid age. A correspondent tells the following practical joke in connection with it—

"It would seem that to be well it is almost a necessity to believe that you are well. I heard of a cruel practical joke played years ago upon a countryman. All his friends agreed to conspire against him on his sick appearance. Their reiterated assurances made him very ill indeed, and gave him such a shock, that he was ill for a week. The argument is not at all materialistic. On the contrary, it establishes the power of mind over matter."

The telegraph announces an expected Kilkenny act at battle between the Iglestias and Caceristas, under the walls of Lina.

A workman in the Parque went to near a revolving saw on Monday, and the first intimation he had of the fact was seeing his right arm lying on the ground before him, taken off by the saw as clean as a whistle. The poor fellow bore the shock well, and was carried to hospital.

The enrolment of the Naval National Guard is now going on at the Capitania. What about the row the other day and Mr. Goddard's Express Company. Does the Port Captain mean to protect him and the public against the crew of Ligurians and negroes that have levied blackmail on travellers for so many years?

An exchange says—"Bundled paralysis" is a new disease. We guess not. Let a man go shopping with his wife, and if he bundles don't bundle him, then he's proof against a city with a sharp rock—Lowell Courier."

The erection of a palace for the National Bank in Rosario will be commenced this week.

The turtles are getting ready for the 15th prox., and the ring of Messrs. Crauford and Huergo's hammer will soon be heard again. Their enlarged premises are splendid. The Jockey Club has also completed its reforms in the Hippodrome, and everything points to a roaring racing season.

Another lot of 'argues' frauds have been discovered. In fact the registration of the vessels of the Argentine merchant navy seems to be all wrong from top to bottom.

Dr. Cortinez was waited on the other night by all the clerks in the Contaduria, and presented with a valuable gift as a mark of their high esteem for him. Dr. Cortinez was 20 years head of the Contaduria on the day he received this merited compliment.

The Finance Minister intends to take very few decisive steps to make "deudores morosos" in the way of Customs duties pay up. He says "morose" merchants are the plague of the Customs House."

They have begun their apprehensions to railway accidents in San Juan. The first man out in two by a train was buried there last week. It was his own fault—trying to jump on the train in motion.

Signor Giovanni Corini, a nice specimen of the human race, has just 'got' one year from the Criminal Judge for hiring as great a villain as himself to murder his son-in-law.

The Press mentions a case in which goods sent from here to Tucuman on May 30th only reached their destination last week.

Governor O'Campo of Rioja has been hailed before the courts here for assault and battery. It appears that in Rioja the Legislature is in the habit of supporting young fellows who prefer looting to work. One of these youngsters had his 30 neta a month stopped for taking part in some political row, and came to Buenos Ayres, hearing that Governor O'Campo had come to town. Rioja is a railway car, he called on him to ask that his pension be restored, and his Excellency gave him a box on the ear. He has taken an action to obtain satisfaction for his wounded 'dignidad'.

A rattling fine boy, with a formidable set of grinder ready for use on beef-steaks and hard biscuits, was lately born at Santa B. O. Long life to him!

The Capital of Rosario says that several "mitralleros" have lately mysteriously disappeared from the Cuartel de Genardines in that town. Rather a queer affair this!

The "cooter" Rio Colorado has arrived from Chapu. Everything is going on swimmingly there, and the Taffie like their new Governor Dr. Fontana very much.
